

Contact No: 8076522382

e-mail: satyajit97531@gmail.com

Address: Sagarpur, New Delhi,
India

Education:

- Bachelor of Technology in Computer Science.
- MERI College, Maharshi Dayananda University.

Skills:

- Development: MERN Stack (MongoDB, Express.js, React.js, Node.js), HTML, CSS, JavaScript.
- Design: UI/UX Design, Figma, Wireframing, Prototyping.
- Other: Swift
- Tools: Git/GitHub, VS Code, Ollama

Languages:

- English (Professional Proficiency)
- Hindi (Native)

Hobbies:

- Web Design & Prototyping
- Watching Tech Blogs
- High-Performance PC Gaming & Hardware Optimization

NAME: Satyajit Samanta

Course Name: B.Tech (CSE)	Semester: 6th
Batch: 2023-2027	Roll No: 23DGITM425

Career Objective:

"Motivated B.Tech Computer Science student (6th Semester) with a strong foundation in Full Stack Development and Design with Ollama AI integration. Seeking an internship opportunity to apply my skills in the MERN stack (MongoDB, Express, React, Node.js) and UI/UX design (Figma) to build scalable, user-centric web solutions."

Project

Major Project: Service Portal Application

- Tech Stack: MERN Stack (MongoDB, Express, React, Node.js) + Ollama (Chat Bot Assistant)
- Description: Developed a comprehensive health tracking application that allows users to monitor fitness goals and health metrics. Implemented secure user authentication, real-time data visualization for progress tracking, and a responsive UI for seamless usage across devices.

Minor Project: Games 24

- Tech Stack: Figma, UI/UX Design, Prototyping
- Description: Designed a high-fidelity user interface for a digital game distribution platform similar to Steam and Epic Games. Created a modern, dark-themed aesthetic with intuitive navigation for browsing game libraries, detailed product pages, and a streamlined checkout flow for purchasing titles.

Industry Experience: iOS Development

Training | [SKLZ Tech]

- Tech Stack: Swift, Xcode, Figma
- Description: Completed a specialized course focused on native iOS application development.
 - Mastered Swift programming and the Xcode environment for building mobile apps.
 - Designed user interfaces in Figma and successfully implemented them into functional iOS layouts.
 - Gained hands-on experience in mobile UI/UX principles and app lifecycle management.
